RE: Examining Health Care Workforce Shortages

Dear Chairman Sanders and Ranking Member Cassidy:

On behalf of the Digital Health for Equitable Health (DHEH) Alliance, I am writing to respond to the Committee's request for input from stakeholders on health care workforce shortages.

The DHEH Alliance (www.dhehalliance.org) was established to uniquely bring together multi-sector stakeholders, leaders, and advocates with a common vision to promote a more digitally inclusive and accessible society that transforms healthcare delivery for underserved populations. Our members include life sciences companies, digital health companies, patient and provider advocacy groups, community-based organizations (CBOs), and Historically Black Academic Health Science Centers, including Meharry Medical College, whose president, Dr. James Hildreth provided expert testimony at the recent Senate Health, Education, Labor, and Pensions Committee full committee hearing held on February 16, 2023. The DHEH Alliance supports policies and initiatives that provide increased access to digital health technologies in underserved populations in an effort to mitigate or remove existing barriers to high-quality healthcare.
